

Lecturer or Senior Lecturer, Business Analytics

The Scheller College of Business is seeking candidates for a non-tenure track lecturer or senior lecturer position in Business Analytics in Scheller College of Business at Georgia Tech in Atlanta, Georgia beginning spring or fall semester of 2018. The chosen candidate will teach courses in business analytics in the undergraduate, MBA, and MS in Analytics programs offered by the College.

We are particularly interested in candidates who have relevant teaching experience in business analytics, machine learning, marketing analytics, process analytics, business statistics, or related topics. Experience in teaching in online and/or non-degree programs is beneficial. The minimum educational requirement for the position is a Ph.D. in business analytics or a related discipline. However, Ph.D. candidates who expect to complete the degree prior to joining the College will also be considered. Compensation and benefits will be competitive and based on the candidate's qualifications and experience.

Business Analytics is an interdisciplinary activity at the Scheller College of Business with faculty across multiple areas conducting research and teaching courses. The College also has a Business Analytics Center that brings together organizations, analytics thought leaders, talented students and the world-class faculty at Georgia Tech. For more information about the center and its activities, please visit www.scheller.gatech.edu/bac.

Georgia Tech's Scheller College of Business is ranked among the top 30 MBA programs by BusinessWeek and U.S. News & World Report and is ranked 6th among undergraduate Management Information Systems Programs by U.S. News & World Report. Georgia Tech is one of the nation's leading research universities and consistently ranks among the top public universities in the country. Atlanta is the ninth largest metropolitan area in the U.S. and serves as a cultural and economic hub for the region.

To apply, please email the following to: recruit-lecturer-analytics@scheller.gatech.edu.

1. A cover letter (reflecting the position name) including education, teaching and research interests, work experience and other relevant information.
2. Vita (or resume)
3. Three letters of recommendation with your name in the filename (e.g., "Smith_John – Letter of Recommendation.pdf"). Please make sure that your name also appears in the body of the recommendation letter.

To assure full consideration, complete applications should be received no later than November 15, 2017. Initial screening of applications will begin immediately. All application documents must be in Microsoft Word or Adobe PDF format and submitted electronically by email. Packages sent by regular mail will not be accepted.

Attracting a diverse applicant pool is a critical part of recruitment and we welcome your participation. To contribute to the process, please complete the voluntary disclosure form which will be sent to you upon receipt of your application. Your individual responses will be kept confidential.

Georgia Tech is an equal opportunity/affirmative action employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability, gender identity, sexual orientation or protected veteran status.
