VCU Decision Analytics Alumni & INFORMS Richmond/Tidewater Chapter PRESENTS

Special Series of Talks on Covid-19 & Analytics

REGISTER AND JOIN US VIRTUALLY

Covid-19 has raised the profile of data science in many organizations, but also presented a unique challenge. This is a series of talks by Data Scientists who are working in some of the hardest hit areas. These speakers will discuss the role data science played in their organizations during the pandemic, and how the pandemic affects the data science function.
