### **ODS2022 First announcement and Call for Papers**

We are proud to announce that ODS2022, the International Conference on Optimization and Decision Science, will be held in Firenze, Italy, on August 30<sup>th</sup> - September 2<sup>nd</sup>, 2022.

ODS2022 is organized by AIRO, the Italian Operations Research Society, supported by DINFO, Dipartimento di Ingegneria dell'Informazione, Università degli Studi di Firenze and, within DINFO, organized by GOL, the Global Optimization Laboratory "G. Poggiali".

The conference venue will be "Centro Didattico Morgagni", located in viale Morgagni 40, very easily reachable from the airport and the railway station.

ODS2022 aims at being an opportunity for researchers and practitioners from various sectors (applied mathematics, computer science, engineering, economics), private and public companies, industries and policy makers, to present and share ideas, experiences and knowledge, as well as to creating a point of contact among them.

The conference theme, as usual, is open in the whole field of operations research. However, a special focus will be on Optimization, Equity, Inclusion.

All researchers, academics, practitioners and students working on the con-

ference themes are invited to participate to ODS2022 submitting a short paper or an abstract, as well as organizing sessions.

It is possible to become a sponsor or exhibitor within the conference; interested researchers or companies can contact the conference secretariat ([ods2022@airoconference.it](mailto:ods2022@airoconference.it))

### **Call for Papers**

Participants can submit short papers or abstracts no later than March 15th, 2022. Each registered participant can present at most one abstract or paper.

**Short paper** (8–10 pages, including front matter and references). Short papers will undergo a review process by anonymous referees. Accepted papers will be included in a special volume of the AIRO Springer Series, indexed in main scientific databases. Short papers must be prepared in LaTeX or Word using the Springer template available from the Conference website and submitted via Springer's Online Conference Service OCS.

**Abstract** (max 2000 characters, space included). Abstracts will be selected by the ODS2022 Program Committee to be included in the conference e-book of abstracts. Abstracts must be prepared using the ODS2022 LaTeX or Word templates which will be available on the conference website.

### **Call for Sessions**

Session proposals are welcome and have to be sent to [ods2022@airoconference.it](mailto:ods2022@airoconference.it) as soon as possible and in any case not later than March 1st, 2022. Proposals have to report: title of the session and tentative title and authors of each contribution.

### **Special Issues**

After the conference, regular papers can be submitted for publication in special issues of indexed international journals. Information will be provided in the subsequent announcements and on the website.
