

## 2021 CSAMSE Conference

### Call for Papers on Special Issue of JMSE

#### *The Changing Landscape of Management Science*

#### **Guest Editors (in alphabetic order)**

Fangruo Chen, Shanghai Jiao Tong University

Michael Pinedo, New York University

Jeannette Song, Duke University

This SI's theme "*The Changing Landscape of Management Science*", is derived from the current business situations adapted by many aspects like the application of various disruptive technologies (such as Internet of Things, Cloud Computing, Artificial Intelligence, Data science and analytics), the best practice of China and other emerging markets, the changing atlas of global competition, and the challenges faced by human development. These significant aspects have a substantial impact on the acquisition of enterprise resources, production/operations, logistics, transaction, product development and financing activities. It can greatly improve the efficiency of commodities production and circulation, and profoundly change the mode of production and consumption of social and economic systems worldwide, which has attracted widespread attention of both the industry and the academia.

This Special Issue, therefore jointly launched by JMSE and CSAMSE through the platform of 2021 CSAMSE conference, seeks to publish high-quality scholarly papers that focus on original works or comprehensive reviews with relevancy of *The Changing Landscape of Management Science* in the fields of management science and engineering. Some topics include, but are not limited to, the following:

- Methodology and modeling for addressing the pertinent issues of the SI's theme above
- Data-driven management and decision-making
- Artificial Intelligence in MS &E
- Cloud computing and analytics models in business and management

In the process of submission, please select the optional type item "Special Issue on The Changing Landscape of Management Science \_2021CSAMSE."

#### **Publication schedule**

Manuscript submission deadline: June 30, 2021

Deadline for final decision notification: Oct. 30, 2021

Tentative date for publication: Jan. 2022

## About JMSE

*Journal of Management Science and Engineering* (<http://engine.scichina.com/publisher/CSPM/journal/JMSE>) is a peer-reviewed open access scholarly journal on all aspects of management science and engineering published quarterly online. *JMSE* is sponsored by National Natural Science Foundation of China (NSFC), Science Press and Tianjin University. *JMSE* collaborates with Elsevier through KeAi. All published papers are available on ScienceDirect.

## Benefits of publishing with JMSE

- Open access (unlimited and free access for readers; authors retain copyright)
- Free publication for well-prepared manuscripts
- Identified as “A Class Journal” by Department of Management Science, National Natural Science Foundation of China (NSFC)
- Fast-track review process for all submissions in this Special Issue: manuscripts are peer-reviewed and a first decision provided to authors approximately no more than 30 days after submission
