Position Announcement

Tenured Associate/Full Professor Position in Supply Chain & Operations Management
Krannert School of Management
Purdue University

The Supply Chain & Operations Management Group at the Krannert School of Management, Purdue University seeks applications for a faculty position at the rank of tenured associate or full professor level starting fall 2020. We look for candidates with a strong commitment to produce high-quality research in the field of Supply Chain and Operations Management. A Ph.D. in supply chain and operations management, industrial engineering, computer science, data science, statistics, or a related area is desired. All candidates are expected to supervise Ph.D. dissertation research and to teach at the graduate and undergraduate levels

The Supply Chain & Operations Management faculty at Krannert is a vibrant group, fostering a supportive and productive environment. For more information about the group and our faculty, please visit our web site at http://www.krannert.purdue.edu/academics/operations/

The search committee is being chaired by Professor Zhan Pang, to whom all enquiries should be directed at zpang@purdue.edu.

Applicants should submit a letter describing their research accomplishments, a current curriculum vitae and three representative publications, to https://career8.successfactors.com/sfcareer/jobreqcareer?jobId=8499&company=purdueuniv &username= Contact information for three references should be uploaded to https://webapps.krannert.purdue.edu/Kars/Apply/AssocFullSCOM. A background check will be required for employment in this position.

Purdue University's Krannert School of Management is committed to advancing the diversity in all areas of faculty effort, including scholarship, instruction and engagement. Candidates should address at least one of these areas in their cover letter, indicating past experiences, current experiences or activities, and/or future goals to promote a climate that values diversity and inclusion.

The review process will begin immediately, and applications will be accepted until January 31, 2020.

Purdue University's vision is to be at the forefront of advancing Data Science-enabled research and education by tightly coupling theory, discovery, and applications while providing students with an integrated, Data Science-fluent campus ecosystem. Purdue is home to a large number of world class faculty spread across multiple colleges, engaged in fundamental research in Data Science, Machine Learning and Artificial Intelligence, as well as the applications of these methodologies and techniques to advance knowledge in other domains. Over the past five years

alone, Purdue's commitment to these areas has attracted over 100 new tenure-track faculty with expertise in data science fundamentals and applications.

Purdue University fosters a diverse, inclusive community through our Cultural and Resource Centers. For more information go to this link: https://www.purdue.edu/diversity-inclusion/about-us/departments.html. Krannert's Brock-Wilson Center for Women in Management supports the leadership development and acceleration of career growth of women and the Dr. Cornell A. Bell Business Opportunity Program has celebrated its 50th year of producing the next wave of business and community leaders through one of the oldest diversity programs within a top-ranked, undergraduate business school.

Purdue University is an EOE/AA employer. All individuals, including minorities, women, individuals with disabilities, and veterans are encouraged to apply.
