

87th SYMPOSIUM

United States Air Force Academy

17 - 20 June 2019

ADVANCING ANALYTICS TO SUPPORT NATIONAL SECURITY

REGISTER AND SUBMIT AN ABSTRACT TODAY!

This year's theme, “Advancing Analytics to Support National Security,” emphasizes the Society’s goal of leading the national security analysis community in the development of cutting-edge tools, techniques, and best practices. The 87th Symposium will include hundreds of presentations, 7 Composite Groups, 34 Working Groups, Focus Sessions, Special Sessions, Demonstrations, Tutorials and Continuing Education Unit Courses over the four-day program. Sessions will be conducted at the classified and unclassified level.
