

**UNIVERSITY OF ILLINOIS AT URBANA-CHAMPAIGN**  
**Gies College of Business**  
**Department of Business Administration**  
**Open Rank Tenured or Tenure Track Professor Position in Information Systems**

The University of Illinois is an Equal Opportunity, Affirmative Action employer. Minorities, women, veterans and individuals with disabilities are encouraged to apply. For more information, visit <http://go.illinois.edu/EEO>. To learn more about the University's commitment to diversity, please visit <http://www.inclusiveillinois.illinois.edu>.

Applications are invited from qualified individuals for a full-time tenured or tenure-track position in Information Systems beginning August 2019, or negotiable after the closing date. All faculty levels will be considered, but candidates should expect to have completed their doctoral degree by September 1, 2019. We seek candidates who have an active program of research and demonstrated teaching excellence in information systems. Chosen candidates will be expected to conduct research, teach, and perform service in this area. Preference will be given to candidates with specialization in the areas of business analytics, artificial intelligence, and data-driven management. Candidates who can mentor students from underrepresented populations are strongly encouraged to apply. Salary is competitive and commensurate with rank and experience.

The University of Illinois offers an outstanding tradition of scholarship and a supportive environment for faculty development and excellence. The Gies College of Business at Illinois offers the MBA, iMBA, and specialized Masters' programs, as well as a highly ranked undergraduate program. The successful candidate is expected to contribute to the Ph.D. program, in addition to one or more of the above programs.

The faculty position is in the IS/OM/SCM area. The area comprises of scholars that do research and teach in Information Systems, Operations Management and Supply Chain Management. We are a research-active group of faculty with expertise in domains ranging from healthcare IT, technology & governance, new product development, eBusiness strategy, social media platforms, and business analytics. As part of the larger Department of Business Administration, with leading scholars in areas of Strategy and International Business, Marketing, and Organizational Behavior, we offer a uniquely hospitable environment for interdisciplinary work, as well as the opportunity to work with talented doctoral students. We seek like-minded individuals who are committed to be engaged in scholarship of the highest caliber. Additional information about the Department, our programs and faculty may be found at <https://business.illinois.edu/ba/>.

In order to ensure full consideration, applications must be received by December 1, 2018. Applications received by November 1, 2018 will be given first consideration. Interviews may take place and offers may be made before the closing date, but all applications received by the closing date will receive full consideration for an open position. Applications and supplemental materials must be submitted online at [https://go.illinois.edu/BUSIS\\_TT](https://go.illinois.edu/BUSIS_TT).

Application materials must include a letter of intent, curriculum vitae, a sample publication and/or working paper, and evidence of past teaching success. All applicants must submit names and contact information of three professional references. For further information regarding application procedures, contact Rebecca Heid at [business-bahr@business.illinois.edu](mailto:business-bahr@business.illinois.edu) or (217) 333-9396.

The University of Illinois conducts criminal background checks and other required pre-employment assessments on all job candidates upon acceptance of a contingent offer.
