

COVID-19 WEBINAR SERIES

Risk Based Thinking in a COVID-19 World

Hear from a distinguished researcher, professor and INFORMS Fellow on risk-based approaches to public health during the pandemic.

Dr. Sheldon Jacobson
Founder Professor of Computer Science,
University of Illinois
<http://shj.cs.illinois.edu>

Time & Date:

FRIDAY, JUNE 26
FROM 11AM - 12PM CST

Registration:

<http://tiny.cc/vffjqz>

Cost:

FREE

The SARS-CoV-2 virus pandemic has impacted every facet of our lives. This talk focuses on risk-based concepts that can help us mitigate risk associated with the pandemic. Examples using aviation security and community reopening are discussed to illustrate these points.
