

**SCHOOL OF INDUSTRIAL ENGINEERING AND MANAGEMENT
COLLEGE OF ENGINEERING, ARCHITECTURE AND TECHNOLOGY
OKLAHOMA STATE UNIVERSITY**

The School of Industrial Engineering and Management at Oklahoma State University seeks talented and motivated candidates for one faculty position starting in Fall 2017. Rank, tenure and salary will be determined based on candidate qualifications and accomplishments. The candidates are expected to have completed their PhD or satisfied requirements for a PhD by August 2017. Although candidates with at least one degree in industrial engineering are preferred, those with degrees in a closely related discipline will be considered. Candidates must have a strong methodological background, potential to attract funded research and complement as well as enhance the School's current research and educational thrusts. Performance expectations include leadership and creativity in undergraduate and graduate education, funded research, scholarship, and professional service. The School has an ambitious plan for growth, recognition and visibility in the industrial engineering and management field.

Candidates with a strong methodological background in optimization, stochastic modeling or simulation and research/curricular interests in one or more of the following industrial engineering and management areas are sought.

- Data Analytics
- Energy and climate science
- Engineering management
- Ergonomics and human factors
- Food, Energy, and Water Systems
- Healthcare systems
- Life science
