ADJUNCT TEACHING POSITIONS IN DECISION SCIENCES

UNIVERSITY OF NEW HAMPSHIRE Peter T. Paul College of Business and Economics Decision Sciences Department

The University of New Hampshire's Paul College of Business and Economics is seeking to fill one or more adjunct teaching positions in the Decision Sciences Department for the 2016-2017 academic year, from mid-August 2016 through late May 2017.

JOB QUALIFICATIONS/DESCRIPTION:

Successful applicant(s) for the will be expected to teach one or more (maximum of 4) courses, spread over the academic year (adjunct positions are contracted on a course-by-course basis). The department teaches core and elective courses in Business Statistics, Information Systems and Technology, Operations Management, Management Science, and Business Analytics. Ability to teach in multiple areas is highly desirable. Specific courses will be determined by department need and assigned by the department chair. The Decision Sciences Department plays a key role in the Business Administration programs of the school at the undergraduate and MBA levels, in the undergraduate Option in Information Systems and Business Analytics, and is also involved in the university-wide M.S. Analytics program.

Applicants should have either a related Master's degree coupled with relevant experience, or a Ph.D. in a field related to the department's offerings. Applicants are expected to meet the College's standards for being Professionally or Academically Qualified with regard to AACSB standards. The applicant is expected to be committed to excellent teaching and be engaged in continued professional development/practice. Evidence of successful teaching is a desired part of the application.

Adjunct appointments are on a course-by-course basis; renewal may be possible depending on department need and performance.

UNH is located in Durham, New Hampshire, near the Atlantic Ocean and roughly one hour north of Boston. UNH is an affirmative action, equal opportunity employer with a commitment to excellence through diversity. We work hard to create and nurture a learning environment in which qualified individuals of differing perspectives, life experiences, and cultural backgrounds pursue academic goals with mutual respect and a shared spirit of inquiry. Women, members of racial, ethnic and other minorities are strongly encouraged to apply.

APPLICATION PROCEDURE:

Applicants should send a letter of interest, resume/vita, evidence of recent scholarly or professional work, teaching evaluations, and names & contact information of three references to: decision-sciences.search@unh.edu with **Subject Line: DS Adjunct Teaching Position.**

Application review will begin immediately and continue until the position(s) is filled.
