and Research, Vidyavihar, Mumbai

Invitation

We are pleased to announce an international conference on Operations and Supply Chain, being organised by K. J. Somaiya Institute of Management Studies and Research in collaboration with National Institute of Industrial Engineering (NITIE) and Production and Operations Management Society (POMS) India Chapter. The conference theme for this engaging academic conference is “Supply Chain in the New Environment of Industry 4.0”. The conference will be held on **13th & 14th December, 2019** at K. J. Somaiya Institute of Management Studies & Research, Vidya Vihar, Mumbai.

About Mumbai

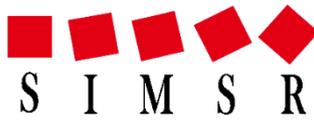

Mumbai (erstwhile Bombay renamed in 1995), nestled along the Arabian Sea on the west coast of India, is the capital of Maharashtra state and is considered the financial, commercial and entertainment capital of India. Mumbai is also home to three UNESCO World Heritage Sites: the Elephanta Caves, Chhatrapati Shivaji Maharaj Terminus and the city’s distinctive ensemble of Victorian and Art Deco Buildings.

SIMSR

K. J. Somaiya Institute of Management Studies and Research (SIMSR), a part of Somaiya Vidya Vihar was established in 1981 and has been providing state-of-the-art education in management and allied areas. The institute is consistently ranked among top 25 management institutes and top 10 private sector B-schools in India. The institute offers full time, part time and executive programs in Business Management with specializations in International Business, Retail Management, Financial Services, Integrated Marketing Communications, Health Care Management, Finance, Human Resources, Operations, Marketing and Executive MBA programs along with Masters in Computer Applications and Doctoral Programs. All the programs are approved by All India Council of Technical Education, Ministry Of HRD, Govt. of India and University of Mumbai. Apart from the regular programs the Institute offers customized and industry specific certificate and executive development programs for government bodies, companies, defense personnel and NGOs. More information about the institute can be found on: <https://simsr.somaiya.edu/en>

NITIE

POMS

Production and Operations Management Society (POMS) is an international professional organization representing the interests of production and operations (POM) professionals from around the world. The society's webpage may be found at: <http://www.poms.org/>

The purposes of the society are:

- To extend and integrate knowledge that contributes to the improved understanding and practice of production and operation management
- To disseminate information on production and operations management to managers, scientists, educators, students, public and private organisations, national and local governments, and the general public
- To promote the improvement of POM and its teaching in public and private manufacturing and service organisation throughout the world

The society is organised in India under the aegis of POMS India Chapter. POMS India Chapter aims to further the mission and efforts of POMS Worldwide.

Conference Theme

Industry 4.0, commonly referred to as the fourth industrial revolution is progressing fast and is expected to make phenomenal impact in the area of supply chain management. While industry and consumers would be tremendously benefited with the changes, supply chains supporting the industries will undergo metamorphosis to meet the challenges brought by Industry 4.0. In the light of these developments, we hope to address and debate the issues, through the conference, and discuss how the supply chain would be able to fulfill the expectations and demands of Industry 4.0.

The conference will have keynote addresses, panel discussions, round table, and practitioners' forum which will in turn approach the issues from academic, research, and industry angles.

Call for Papers

This call for papers is an invitation to all academics, industry representatives, and students, interested in the advancement of innovative technologies and applications of methods in operations and supply chains of products and services.
