Full-time faculty position in Operations Management/Industrial Organization at Toulouse Business School

The Department of **Information, Operations and Decision Science** (team Industrial Organization, Logistics and Technology (IOLT) at Toulouse Business School is seeking to fill in one faculty position in the field of **Operations Management/Industrial Organization**, to maintain and develop its reputation for excellence in research and high-quality teaching. The position opens in September 2021, and remains open until filled in.

JOB QUALIFICATIONS:

The successful candidate should hold a PhD in **Supply Chain/Operations Management, Operations Research, or Economics**, and should possess excellent teaching abilities as well as the potential to publish in leading academic journals. He or she may have demonstrated these qualities during his/her post-doctoral experience or previous employment. Upon his/her joining of the school, the candidate is expected to participate to the teaching of operations management at the undergraduate level, and to develop lectures in his/her field of expertise at the post-graduate and executive education levels. The ability to teach procurement is a plus, as well as the ability to teach in French in the medium run. The position is open at the level of assistant professor or associate professor.

ABOUT THE SCHOOL:

Toulouse Business School was one of the first French business schools to obtain AACSB, EQUIS and AMBA accreditations. The School has three campuses where it teaches a total of 4,100 students: Toulouse, Barcelona (Spain), and Casablanca (Morocco). It has a core Master/"Grande Ecole" Program, lasting three years, which delivers a Master in Management. There are more than twenty MSc's, amongst which two MSc in Supply Chain and Purchasing Management, a Global Executive MBA program, and a Bachelor program. The School has formed a partnership with the Department of Management of the University of Toulouse I Capitole (Toulouse School of Management) to offer a joint PhD program (Ecole Doctorale) in Management. The research expertise of TBS professors is hosted and developed within disciplinary laboratories (such as for example the "Finance, Economics & Econometrics" research lab), but also further enhanced around three transdisciplinary topics: Artificial Intelligence & Business Analytics; CSR & Sustainable Development; Aerospace & Mobility. Toulouse Business School offers competitive research and teaching conditions, including a large financial support and reduced teaching loads.

Research articles by the team members appeared in *Annals of Operations Research, Computers and Operations Research, Economic Theory, European Journal of Operational Research, International Journal of Industrial Organization, International Journal of Production Research, Journal of Economic Dynamics and Control, Journal of Economic Theory, Journal of Economics & Management Strategy, Management Science, Marketing Letters, Operations Research Letters, Production and Operations Management, RAND Journal of Economics, Revue d'Economie Politique, Revue Economique, Transportations Research part A.*

More information about the department and the School can be found at <http://www.tbs-education.fr/en/faculty-research/faculty/faculty-departements/information-operations-and-management-sciences> and more information on TBS Faculty at <https://www.tbs-education.fr/en/faculty-research/faculty>.

APPLICATION PROCEDURE:

Candidates are invited to send the following **application material**: a cover letter, a curriculum vitae, samples of research (published or working papers) and three letters of recommendation or the names of three references and their contact information.

*All these documents must be compiled into **one single electronic application file**. Please send your application file by email to: faculty.jobs@tbs-education.fr and to Professor Sébastien Mitraïlle, (head of department) at s.mitraïlle@tbs-education.fr*

CLOSING DATE: Applications must have been received at the two email addresses above by Sunday, February 7, 2021 the latest. Interviews are expected to take place between mid-March and mid-April 2021 (online and/or on campus depending on the evolution of the situation created by the Covid-19).
