

Flexible Services and Manufacturing Journal

Best Young Researcher Paper Award

The Flexible Services and Manufacturing Journal invites submissions from outstanding young researchers in the field of services and manufacturing management. All aspects in this field including the interface between engineering and management, the design and analysis of service and manufacturing systems as well as operational planning and decision support are covered.

Candidates eligible for the Award must satisfy the following conditions:

1. A candidate must be the single author or the leading coauthor of an article. If more authors are candidate in the same article, they must be the leading coauthors.
2. The article must be written in accordance with the Flexible and Service Manufacturing journal standards and received within the period between Feb-01-2020 and January-31-2021.
3. All candidates must be within three years of their Ph.D. graduation by the 1st of February 2020.

The article submission must be accompanied by a nomination letter in the submission procedure. For more information, please visit the journal website

<https://www.springer.com/journal/10696>

The award for the first prize is accompanied by a USD 300 voucher to be spent in the [Springer Shop](#).

Finalist papers will be published in a special issue of the journal in Volume 32, Issue 4, December 2021.
