

INFORMS 2021

New Faculty Colloquium

Who Should Attend?

Newer faculty looking to build their network and advance their career in academia. All academic units granting degrees and undertaking research in operations research, management science, and related fields are invited to nominate faculty members who are in their first three years of being a faculty member at the time of colloquium. The colloquium will also include tips on what not to do, difference between business and engineering schools, opportunities to interact with panelists, and more.

New Faculty Colloquium Agenda
